- Industrial look • Nordic style • Incl. black and neutral coloured leather strap
- Material mix - metal and leather • Material mix - metal and leather

Metal and leather goes well with the light Nordic style. The combination of these materials allows the light to visually interact with a modern interior, where combining materials is one of the biggest trends. With Strap it seems obvious – just as obvious as how a Nordic light design is named after a leather strap. The narrow and elegant leather gives Strap a warm and raw look, balancing a classic and the industrial expression. It comes with two leather straps in brown and black respectively, so it's up to you to give the Strap its final look. Designed by Bjørn + Balle
